BALANCE DUE

TERMS OF SALE

- Unless otherwise stated, all prices are F.O.B. Plainfield, WI 54966
- Payment in full required by March 1st
- A deposit of 25% is required on all orders with the exception of orders less than \$100.00-these require full payment when order is made. The balance due must be paid March 1st. If buyer fails to pay the balance due, interest shall be charged on the balance due @1-1/2% per month (18% APR) from the date of the receipt of the merchandise
- If 1) the buyer fails to pickup, 2) buyer refuses delivery, or 3) delivery cannot be made to shipping address provided on the order form, buyer will be liable for payment of the balance due.
- The seller is not responsible for items not picked up by the pickup date
- The buyer forfeits the deposit on cancellations after February 1st
- Wheeler's Laura's Lane Nursery, LLC reserves the right to cancel a part or all of stock ordered, should there be weather (frost, flood, hail, or fire) related injury, wildlife damage, error in count, or other causes beyond our control.
- Seller's liability ceases with the delivery of the stock to the carrier. Thereafter, if breakage or damage occurs or if a stock is delayed in transit, claims should be made with the carrier immediately.
- Generally, conifer seedlings are in bundles of 50 and transplants are in bundles of 25.
- Shipping orders must be paid in full at the time of order. Weather predicts Shipping/Pick-up season approx. April 10th to May 10th.
- Additional freight charges will be billed for orders exceeding the shipping cost.

CARING FOR TREES ON ARRIVAL

- Bundles should be opened as soon as trees are received, and roots should be moistened. Plant the trees as soon as possible.
- If unable to plant upon receipt of trees, store in a cool area away from the sun and wind, loosen wrapping, and make sure trees are slightly moist by watering the paper/moss around the roots.
- DO NOT SOAK TREES IN BUCKETS OF WATER.
- When planting, either by hand planting bars or machine planting, be sure the roots are deeply secured in the ground and the soil around the tree is firmly packed.

CLAIMS

- Buyer and no others must make any claims in writing within 5 days of delivery. Trees must be returned for replacement or refund
- Buyer is responsible for return freight charges on any or all claims.
- Seller will make every effort to ship merchandise to buyer's shipping address on the date requested; however, Seller shall not be liable for reasonable delays caused by weather conditions beyond Seller's control. No cancellations are allowed due to weather conditions or coronavirus issues.
- Under no circumstances shall the Seller be liable for a sum which exceeds the total of the order
- Not responsible for trees held beyond scheduled pick-up date.
- Seller shall not be liable for any or all stock damage or failure due to conditions over which we have no control such as weather (frost, flood or hail), watering, planting site, improper planting, soil conditions, soil related root diseases, and improper handling of plants.

STOCK QUALITY

- We do our best to produce healthy, viable plants for all our customers. In spite of the extreme care we give them, numerous conditions over which we have no control often govern results that customers may have
- · Some of these conditions are: weather, watering, planting site, improper planting, soil conditions, soil related root diseases, injury and improper handling of plants. Because of these conditions of which we can exercise no control, it is impossible to guarantee planting results and continued growth of plants.
- All stock is state inspected and graded to meet and surpass American Association of Nurserymen grade standards, and packed very carefully for better growth and shape when transplanted.

- Colorado Blue Spruce
- Norway Spruce Black Hill Spruce

Terms of Sale for Potted Stock/Container Grown

We do our best to produce healthy viable plants that are state inspected for our customers. In spite of our extreme care we give them, numerous conditions over which we have no control often govern. Such conditions may be but not limited to: weather, watering, planting site, improper planting, soil conditions, soil related root diseases, and improper handling of potted stock. Because of these conditions that we have no control over, it is impossible to guarantee continued plant health and growth of potted stock.

Customer acknowledges at pickup no warranties, credits or refunds on any potted stock and container grown. Under no circumstances shall the seller be liable for a sum which exceeds the total order. Potted stock must be inspected on day of pick up by the customer. All potted stock may vary in size as it is *field* grown and sold as field run.

E NATOR PROPERTY

Dear Laura's Lane Family.

I want to start this letter by thanking all of our customers. If it wasn't for you we wouldn't be going on four generations

continuing the family tradition of growing from seed millions of trees for reforestation, Christmas tree production, pulp production to wildlife habitat. I can't tell you how happy it makes us over the years hearing customers tell us stories about trees they purchased from us 20 years ago thriving and their kids and grandchildren are now playing under. To other stories that they no longer have to look at the road or see the not so great neighbor's house that was built right next to the property line, LOL. To Christmas tree growers taking our trees and growing, shaping and then those trees being cut for their family tradition. That same tree that started at our nursery 15-20 years ago.

As we are every summer we again are in full swing nurturing the varieties of trees and shrub attending to their every need. The increased production of both seed beds and transplanting has us even busier to be able to better supply our customers. Though it sometimes is a quessing game on the trends and again a friendly reminder that it takes four years of care and love from us and Mother Nature before those trees have grown enough to then count/sort/grade/package and sell to our loyal Lauras Lane family. As I say every year get those orders in as soon as possible and I look forward to seeing you Spring of 2026.

> Sincerely, Joseph A. Wheeler Jr. & Family
